

Snowman Directions:

1. Make the background a cream color.
2. Use the pencil to make circles for the snowman. Make three circles and make each one bigger than the other. I couldn't figure out the circle thing so your snowman might look a little chunky.
3. Use your pencil again and make a hat that is outlined light purple.
4. Make three strawberries in the middle of the hat and color the rest in pink.
5. Now make a smiley face on the head.
6. Next make brown curly hair coming out of the hat.
7. Next make pink stick hands.
8. Now make a scarf purple and pink.
9. Then use the snowflake stamp and press it a lot of times around the snowman and say BAM! every time you make one.

Remember its supposed to look like strawberry shortcake.
